

***A path through the trees: Mary Sutherland — forester, botanist and women's advocate***

by Vivien Edwards, \$45 +p&p.

Available online at [www.bookpublishing.co.nz](http://www.bookpublishing.co.nz), or enquire at any good bookshop.

UK / Europe sales, please direct enquiries to [www.summerfieldbooks.com](http://www.summerfieldbooks.com)

This fascinating biography of the first woman forestry graduate in the world (Bangor University), includes the early history of the NZ Forest Service and formation of NZIF, and historical photographs of Sutherland and her family, and forestry in Britain and New Zealand.

Vivien Edwards is a freelance researcher and writer. She contributed regularly to the *New Zealand Forest Industries* magazine (1980–90s), hence her interest in how Sutherland came to be working in NZ forestry.
